Many hours were spent by the Board reviewing the salary and wage plan of Wakefield as it applied to employees under the jurisdiction of the Board.

The following Committee for compiling and printing the town report was appointed.

John J. McCarthy
John B. Tredinnick
Richard W. Baker
Herbert R. Waite
Bruce N. Morang

A very excellent report of an over-all parking survey in Wakefield was presented to the Board by the Parking Committee. The areas suggested included the Princess Theatre land, the Town Hall site, the Miller Piano property and a Main Street By-Pass from Wakefield Junction to Water Street the plans for which are being proposed to the Annual Town Meeting for 1959.

Monthly operation reports were received from the departments under the jurisdiction of the Board of Selectmen.

The Board and its Executive Secretary and Town Counsel fought a losing fight to prevent the installation of automatic gates at Albion Street, Chestnut Street and Prospect Street crossings. In spite of a community and organization unanimous stand against their installation the Department of Public Utilities granted permission to the B & M to install the gates. The Board, the Executive Secretary and Town Counsel did succeed in having an attendant present at Albion and Chestnut at the busy hours of the day.

After a very exhaustive study of the various insurance companies' group insurance plans for Town Employees, the subcommittee consisting of Selectmen Waite and Colucci submitted a report of their findings and recommended the plan proposed by the John Hancock Insurance Company. Eleven different companies submitted bids which were very carefully screened by the Board and the Insurance Advisory Committee under the supervision of Mr. Stewart P. Crowell, C. L. U. of Boston who was hired to serve as advisor and consultant to the Employee Group Insurance Committee. After studying the bids, the Group Insurance Committee unanimously recommended the awarding of the contract to the John Hancock Insurance Company for Life and Accidental Death Insurance and the contract for Hospital-Medical and Surgical to Blue Cross-Blue Shield with the effective date established as of July 1, 1958.

The Board voted to authorize the Chief of Police under the provisions of Chapter 147, Section 17C to reimburse officers for the overtime work due to personnel shortages and the Chief of the Fire Department was similarly authorized under Chapter 148, Section 58C, all officers in both departments to be paid at the regular rate of salary.

During the year many traffic problems were reviewed and necessary regulations were adopted on the recommendations of Selectman Waite, Committee on Police and the Chief of Police.

It was very gratifying to the Board to see its efforts and the efforts of the Town Development Commission culminate in the final opening of the American Mutual Insurance Company. The Insurance Officials have expressed themselves as highly pleased with their reception by Wakefield officials and the splendid cooperation they have received from everyone.

The Board thanks all other officials and Boards of the town for their cooperation and wish particularly to thank the townspeople for providing

them and their staff with such well-equipped quarters in the Lafayette Building. The Board held its first meeting in its new quarters on July 15, 1958.

Report of Town Planning Board

ANNUAL REPORT — 1958

Although no new subdivisions were submitted for final approval in 1958, probably a reflection of the recession, developers consulted the Planning Board on proposals for seven subdivisions which could result in 90 new dwelling units. A preliminary plan of the extension of the Druid Park Development was approved in 1958.

As a result of the decision of the Board that the former Clifton Construction Co. subdivision west of Parker Road must be completed under the Subdivision Rules and Regulations of the Board, which decision was sustained by a decision of the Superior Court, sufficient security is on deposit with the Town Treasurer to insure the construction of Putnam Ave. and Griffen Drive in accordance with the specifications of the Department of Public Works.

Early in the year the Board began investigating the benefits and costs of having a comprehensive planning study made of the town with the aid of funds from the Federal Urban Planning Assistance Program. In the fall the Planning Board made arrangements to have this proposal presented to a group of about thirty representatives of the various town boards, officers, and committees. Leo Young of the Mass. Department

of Commerce, Division of Planning, explained the nature of the work which could be done and the method of obtaining Federal Aid. A unanimous vote of the group who heard Mr. Young encouraged the board to ask for funds in the warrant for the 1959 annual town meeting and to set up a series of interviews with several firms of planning consultants. Because of the interest indicated, a study of future school enrollment and school building needs, a land use study, a population survey to forecast the amount, time, and direction of population increase, and a revision of the Zoning By-Laws are among the subjects which it is believed a comprehensive study should include.

During the year the board has worked with several other town boards and committees, on some of which Planning Board members also serve. The board has been represented at all regional and state meetings of the Mass. Federation of Planning Boards by a majority of the members.

David E. Beede, Town Engineer, has attended almost all of the board meetings and some of the federation meetings.

The change of the meeting night to Tuesday, made when all town offices were moved to the Lafayette Building, has made it easier for the board to consult and meet with other town departments.

The Planning Board has been consulted on over 100 different land use problems in the past year in addition to the study of problems of planning and zoning, and has held 51 meetings and hearings as follows: 47 regular and special meetings, 2 public hearings on zoning articles in warrants, 1 public hearing as Board of Survey and 1 public hearing on changing a street name.

IN MEMORIAM

H. Charles Hupprich Jr.

Died August, 30 1958

A Police Officer of many years
and a good and faithful public servant.

During the year there has been a number of changes in the personnel of this department:

1. Inspector Morton V. Griffin retired on September 13, 1958.
2. John E. Martin was promoted to the rank of Inspector on September 14, 1958.
3. James T. McKeon was promoted to the rank of Sergeant on December 1, 1958.
4. Arthur Bragg, Thomas Campbell and Alfred Foley were appointed regular patrolmen on September 1, 1958.

This leaves three positions of regular patrolmen and eight positions of reserve patrolmen vacant. There are now only four names on the Civil Service eligible list to fill eleven vacancies. This leaves this department still with an acute recruitment problem.

All members of this department were instructed and fired the various phases of the course in police shooting with their service revolvers at Camp Curtis Guild. Two Sergeants attended the F. B. I. school for instructors in police-type shooting at Camp Curtis Guild. Three Patrolmen attended the State Police School for police officers at Framingham, Mass.

The quality of firearms owned by the town and under control of this department was greatly improved by the purchase of many new revolvers for which the old obsolete revolvers were traded. A Thompson sub-machine gun, 45 caliber, was purchased. Seventeen used Smith & Wesson 38 Special revolvers were acquired by the department from Civil Defense.

J. MERRITT WENZEL,
Chief of Police

Report of Director of Civil Defense

This department was organized pursuant to directives issued by the Governor of Massachusetts and Chapter 639 General Laws of Massachusetts.

There is one paid employee serving as office clerk and field agent. The director and all other members of the organization are serving on a volunteer basis.

Training and Education: Two regular firefighters and fourteen volunteers attended the Civil Defense Rescue School at Topsfield and successfully completed a two weeks training course. Through the cooperation of the Municipal Light Department and Manager M. F. Collins, two of his men completed an advanced course of one week's duration. This course was specifically aimed at utilities emergency procedures. All men attending believed the program should be continued in Wakefield.

Rescue: A water rescue of last spring proved the value of the boat donated by the Kiwanis Club. As a result the Rotary Club donated a 7½-horsepower Johnson motor to this phase of rescue work. The boat was called to service several times during the past year. The Rescue Crew now has a frogman group in process of organization.

Fire and Police Auxiliaries: These groups have regular meetings and again have proven their worth in providing sorely needed ready trained reserves for police and fire departments. Chief Wenzel has often praised these men for their response to duty in any emergency.

Surplus Property Program: Major items purchased were a new 2 k.w. generator valued at \$960, costing the town \$25.00, and 17 Smith & Wesson revolvers valued at \$654.50, costing the town \$18.70.

First Aid Emergency: The first aid station personnel are being trained by Mrs. Gordon Stoddart, R.N. This training is highly specialized and the course will be completed in 1959.

Matching Funds: Although the town was granted credit to participate in the program a motion by the Civil Defense to the Finance Committee was tabled.

Races: The Races (ham radio) group meet regularly and have been praised by Chief Wenzel for their valuable assistance to his department on many occasions. There is a strong need for additional equipment for this group.

Report of Board of Health

The year 1958 showed still a high prevalence of Measles and Mumps. There were no cases of Poliomyelitis reported in Town and only one case of Meningitis reported.

Preschool immunization clinics were held with a total of 37 children receiving a series of 3 innoculations against Diphtheria-Tetanus and Whooping Cough and 133 receiving booster innoculations.

During the year 1958 we had 6 new cases of Tuberculosis reported, 2 cases moved out of town and 1 person deceased. The case load at the present time is 44. There are 4 cases hospitalized and 14 patients at home on Chemotherapy under their Physician's care and supervision.

The following is an abbreviated summary of Field trips, nursing services and investigations made by the Public Health Nurse.

Nursing Visits to Tuberculosis patients and contacts	128
Number of trips to Sanatoriums for X-rays	40
Number of contacts to Tuberculosis patients X-rayed	64
Number of case register patients X-rayed	31
All others X-rayed	45
Patients Hospitalized during the year	7
Premature Baby investigations	8
Unsanitary conditions, food poisoning, etc.	20
Kindergartens Supervised	5

Report of Board of Public Welfare

There was a continuance of the trend of an over-all case load decrease, and our total expenditures increased about \$28,000 over 1957. The reason for the increase was due largely to hospitalization and nursing home care. We spent a total of \$498,900.00, and Wakefield's share was \$129,000, or, 25.9%.

General Relief

This program continues to be the lesser in cost of all programs. Wakefield settled cases, living in other cities and towns, are charged to us if aided and we have little or no measure of control over this factor. We added sixteen cases during the year and closed eight for the following reasons:

Returned to employment	3
Became self-supporting	3
Transferred to another category	2

Disability Assistance

New cases have levelled off and we operated very much as in 1957. We added five cases during the year and closed six for the following reasons:

Admitted to state hospital	2
Became self-supporting	2
By death	2

Aid to Dependent Children

During the latter part of the year we processed several new applications and anticipate a still further case load. There were several desertion cases and non-support referred to this department for assistance.

We added ten cases during the year and closed nine for the following reasons:

Returned to employment	5
Moved from community	2
Became self-supporting	2

Old Age Assistance

Social Security Benefits have made an impact on the number of new cases added to this program. As a result, some grants are less now than in the past and this will, of course, have a continuing effect. There was an adjustment made for fuel allowance which reduced the figure for the three summer months, and increased it during the nine months of fuel need, which resulted in an over-all increase in this item. During the year 1958, we recovered from five Old Age Assistance cases, the amount of \$12,-691.96 which represented the re-payment of assistance given to those cases and which was protected on a lien on the several properties. We added forty-three cases during the year and closed thirty-eight for the following reasons:

By Death	27
Resources exceeded budgeted needs	1
Family assumed responsibility	1
Moved from community	5
Eligibility discontinued	1
Application withdrawn by client	2
Admitted to state institution	1

Report of Recreation Commission

The W. Martin Blatz Little League Field on the Woodville School property and the Nasella Playground on Water Street provided fields for the American and National Little League baseball teams.

The Pony League games were played on Moulton Playground and the Pioneer League operated on Maple Way Park. On Saturday mornings the Farm League games were played at John J. Round, Harris M. Dolbeare, Veterans', Maple Way, Moulton, and Nasella Fields.

Fifty-two managers volunteered their services to supervise the above 600 players.

In the evenings at Veterans' Field in the adult softball league eight teams consisting of 160 players played under lights.

As usual the Common at the center of the town was the major recreation area of the town.

There were very few accidents during the summer. None were of a serious nature.

At the Col. Edward J. Connelly Park and swimming area at the head of the lake the largest attendance ever since its opening was recorded. The most capable life guards obtainable anywhere were on duty daily. They not only protected the swimmers but also taught swimming.

While the Montrose School area was being graded this summer, children from that section joined with boys and girls at the Harris M. Dolbeare Playground.

In 1959, the Montrose School grounds will for the first time be large enough to have a boy and a girl supervisor.

Demonstration Day held on the last week of August enabled about 2,000 people to observe what goes on at the playgrounds during the summer.

At Veterans' Field under lights there were adult softball games, handicraft exhibits, more than 200 participants in singing and dancing groups from the various playgrounds, and dancing on the tennis courts under lights by the children of the playgrounds.

The same afternoon on the other playgrounds girls' softball and boys' baseball titles were decided. Tennis champions, horseshoe, checker and volleyball titles were declared and prizes awarded.

Report of Board of Public Works

Early in 1958 the Town's normal sources of water supply recovered sufficiently from the drought of 1957 to permit the discontinuance of the temporary pumping station at Lake Quannapowitt in February of 1958. The Board is considering plans for the removal of this station from the shore of the lake.

On September 25, 1958, with the construction of the connection between our plant and the M.D.C. system completed, the new Linden Street pumping station was put into service. The operation of this pumping station enabled the Town to fulfill its contract to join the M.D.C. system whereby the M.D.C. agrees to supply the Town with a maximum of one million gallons of water per day. This accomplishment should be recorded as an historical event in the Town's history.

The major cost of joining the M.D.C. system follows:

\$370,000.00 in bonds issued by the Town payable serially over twenty-five years.

\$278,155.79 M.D.C. entrance fee and connection charge for supply line from Melrose to the Wakefield town line, payable over ten years.

The cost of water purchased each year from M.D.C. must be added to the yearly payments of the above obligations.

In 1958 the maturing bond and interest payments of the Water Division totaled \$79,109.25, the 1959 bond and interest payments will be \$121,835.75, an increase of \$42,726.50 over 1958 charges. To this must be added the yearly charge of \$27,800.00 for the M.D.C. obligation listed above making a total payment for 1959 of \$149,635.75 or about double the 1958 payments.

The anticipation of the foregoing increase was one of the major reasons for the establishment of a new schedule of water rates last year of about double the previous charges. By law the Water Division must be self-supporting.

The Board regretfully accepted the resignation of Mr. William T. Thistle on May 20, 1958. Mr. Walter E. Morton was appointed to fill the vacancy caused by Mr. Thistle's resignation until the next annual Town Election.

The contract to rebuild Green Street was signed on October 7, 1958, and it is expected that the project will be completed by June of 1959. The reconstruction of this street was voted under Article 47 of the 1957 Annual Town Meeting which provided for a transfer from the fund established under the provisions of Chapter 718 of the Acts of 1956.

Construction of all the sewers voted in the 1958 Town Meeting has been completed. Construction of streets voted in 1958 are about 90% completed with the exception of Stark Avenue which is nearly 75% done. This work will be finished early in 1959. Substantially all the sidewalk and drainage work planned for in the 1958 budget has been completed. The foregoing work was performed by the Department and resulted in substantial savings.

For a detailed description of the work of the various divisions, we refer you to the report of the Director of Public Works which follows this report.

REPORT OF THE DIRECTOR OF PUBLIC WORKS

In 1958 the Department was able to follow a detailed work schedule with minor changes. This schedule was established shortly after the Town Meeting and included in addition to the normal maintenance program a schedule of the work voted at the Town Meeting. The accomplishments of the various departments are contained in the supervisors' reports.

The fact that the work program has been adhered to so closely is the result of splendid co-operation between the Board of Public Works and the men in the Department. The work scheduled included heavy construction which in previous years had been let out to contract. The men believed that they could accomplish this work at a reduced cost to the taxpayers, even though their experience was not comparable with contractors. This spirit which permeated the whole department caused every man to enter wholeheartedly in the effort to complete the work program. Briefly, it is a tribute to the men that although the population of the Town has increased and with that increase many services are offered, the complement of the Department remains approximately the same, and the work is being done.

It is hoped that in 1959 the experience gained in the past year will be helpful in bringing about even more benefits to the taxpayer.

GEORGE R. WINTERS,

Director

ENGINEERING DIVISION

The past year has been a very busy one for this Division.

We have furnished the engineering for the Highway Division in its greatly expanded road construction program, as well as engineering and laying out an extensive sewer main construction program built by the Water and Sewer Division. In addition to these demanding schedules, we assisted Park Supt. Vik in extending the roadway and drainage system in Forest Glade Cemetery, as well as helping to plan future development of the Hall Park area, the Col. Connelly Playground site, and future roadways in Forest Glade Cemetery.

Other departments received assistance in many ways. Several street intersections were surveyed and detailed plans turned over to the Police Department to aid them in obtaining approval for traffic control signs. We also assisted in laying some experimental traffic lane stripes along Albion St. and North Ave. Traffic patterns have been studied and layouts made of several off-street parking sites, to assist the Town Committee on Off-Street Parking. All tax-title land is checked for the Treasurer's office in an attempt to anticipate and prevent drainage problems and to assure him that the Town has no need of the particular parcel for future building

sites or for some accessory use to adjoining Town land. A report is made on these properties to both the Planning Board and to the Director of Public Works who in turn advises the Treasurer.

While keeping abreast with current plan work, a milestone was reached in our office work when we completed our inventory of plans and finished research that enabled us to make two atlases—one showing the extent of the Town's Sanitary Sewer System and the other showing the extent of the Water Distribution System. Colored adhesive tapes on an acetate overlay give the size and length of each main throughout the Town. We are undertaking a more detailed study in order to create an atlas showing our Town roads—their status and existence as constructed streets or as "paper" streets. Progress has also been made on Project "Backlog"—drawing the "as built" sewer assessment plans for installations dating back 10 years. As soon as time permits us to complete our clerical work, notices will be mailed to effect the renumbering of So. Main Street and Nahant Street.

In addition to my regular duties as Town Engineer, I have participated in conferences and attended hearings on the improvement of the Saugus River and more recently similar talks on the widening of Route 128 in Wakefield. The contract for reconstructing Green Street was let in October, necessitating constant inspection. About 50% of the work is complete. Work will resume in the Spring. It is hoped that two important projects can be initiated this coming year. Our Water Main Gate Location sketches are out of date, causing delays and in some instances practically precluding the chances of finding those gates that are not obvious. Each gate needs to be re-located and a new location sketch book set up. The other project is another clerical job—typing the necessary information to set up a complete cross-referenced card index based on our Master Plan Index.

DAVID E. BEEDE,
Town Engineer

MOTH AND TREE DIVISION

During the year we lost 250 trees throughout the Town due to the Dutch Elm Disease and other causes. The Dutch Elm Disease is still at a steady incline. Most of these trees have been removed.

We found no Gypsy Moth but the Tent Caterpillars and Japanese Beetles have increased in many areas.

With our Mist Blower we were able to spray twice including the roadside areas.

I would like the co-operation of all property owners in destroying or putting under cover all dying or freshly cut wood. This is the only means we have for combating the Dutch Elm Disease.

We have planted 150 maple trees, that were grown in our nursery, on new and various streets throughout the Town.

I would like at this time to express my appreciation to the Board of Public Works and the Director for their co-operation. I would also like to express my appreciation to the Civil Defense Director for his co-operation during the year.

ERNEST J. McWHINNIE,
Supervisor

PARK DIVISION

The following permanent improvements were completed during the year 1958:

Installation of 450 feet of chain link fenceing at the Mapleway.

Work was continued on the Hall Park, about 250 feet of 5 foot hot top walks were installed and 350 feet of hot top laid on the gravel base completed in 1957.

Twenty flowering shrubs and evergreens were planted.

The boat launching ramp was completed.

An area of approximately 1250 square yards was loamed and seeded which completes the landscaping of this portion of the park.

Approximately 2,000 square yards of lawn area was loamed and seeded at the Colonel Connelly Park, 210 feet of 6 foot path was excavated, graveled and graded also 60 feet of 5 foot path. About 290 square yards of hot top was applied to the parking area.

The average daily attendance at the bath house was about 325 adults and children.

Working under the sponsorship of the Wakefield Chapter of the American Red Cross swimming and life saving classes were held. The Chief Life Guard, John Winner, was in charge of the program and he issued certificates to those who passed the tests.

J. HENRY VIK,
Supervisor

CEMETERY DIVISION

The following permanent improvements were completed at Forest Glade Cemetery:

Stripping of about 1,000 cubic yards of loam from land to be taken by the State.

The placing of about 10,000 cubic yards of various types of fill.

Loaming and rough grading of about 2,500 square yards of the above area.

Preparing the sub-grade and hot topping of approximately 200 square yards of avenue. All the avenues in the cemetery are now surfaced.

REPORT OF THE SCHOOL COMMITTEE

Two new members joined the committee this year with the election of Harold E. Staunton in March and the appointment of Mrs. Lenora P. LeCours to replace Mrs. Dorothea J. Wettergreen who resigned in September. The school committee voted a set of resolutions extending to Mrs. Wettergreen grateful recognition of her service to the Town.

At the first regular meeting in September, the following officers were elected:

William W. Allyn, Chairman
Stanley C. Goodwin, Secretary
Henry B. McConville, Treasurer

Several meetings this year were devoted to the discussion of curriculums especially in Mathematics and Science. At a meeting in February, Principal Barry and the heads of all departments reviewed the extent and quality of work being done on the high school level. Mathematic courses were revised to include Algebra I and Junior Business Training for Junior High students and Consumer Math for high school seniors. At the present time 600 students are enrolled in science courses in the high school. An examination of the elementary school programs shows each grade well above the standard norm based on results of the National Achievement tests.

The committee requested the Board of Selectmen to call a special town meeting in April to reconsider the article for a new Junior High School. This unusual request was made because the members were convinced that the school had to be built and that it would not cost the townspeople as much then as at some future date. The committee also unanimously favored the continuance of our present educational program.

A new policy for tuition students was adopted in February.

"Students who have enrolled in Wakefield schools but whose parents move out of town after the beginning of the school year in September may remain for the completion of the school year upon payment of tuition.

"Seniors who are living in Wakefield and have enrolled in school at the beginning of the school year in September but whose parents move out of town may remain at Wakefield High School to complete their senior year without payment of tuition.

"Those students whose parents move out of town during the last quarter of the year may complete the school year without payment of tuition."

The committee also adopted the following policy of accreditation:

In order to safeguard and to promote high professional standards of teacher preparation to which children and youth of Wakefield are entitled, it is agreed that henceforth, as a condition of eligibility for appointment a teacher shall have graduated from an institution of collegiate grade which has been duly accredited by the National Council for Teacher Education or one of the six Regional Accrediting Agencies or both, and that acceptable college credits and degrees offered by Wakefield teachers to satisfy the requirements for advancement on the salary schedule be earned at institutions accredited by said agencies.

Major changes in administrative personnel followed the resignation of Wilbur F. Stanton, Junior High School Principal whose work in the establishment of the Junior High program is sincerely appreciated by his associates. The committee selected Lucian J. Colucci as the new principal and appointed John T. Broderick Submaster at the High School. R. Edgar Fisher, Assistant Superintendent of Schools, retired in October. The entire community and thousands of pupils recognize the influence of a beloved teacher, capable administrator and loyal citizen who served in the Wakefield School system 36 years.

School officials from surrounding communities met in Wakefield early in the year to discuss the need of a Junior College in this area. Representatives of the committee also attended a meeting in Malden to explore the possibility of a regional vocational school.

Three faculty members received unusual honors this year:

Miss Bernice L. Caswell was appointed president of the New England Association of Teachers of English.

Mrs. Caroline Maloney, teacher at the Walton School was selected by the Eastern Mass. Council to teach lessons on the educational television program.

Earle Crompton, Director of Athletics, was invited to participate in the National Conference on Fitness for Secondary School Youth.

At the request of the Director of the Board of Public Works, the committee gladly accepted pictures of Cyrus Wakefield and George Washington formerly in the Town Hall. These pictures have been placed on the walls of the Junior High School Auditorium for future preservation.

After thoughtful consideration of salary needs for school personnel and in recognition of the importance of maintaining Wakefield's ability to attract and retain capable teachers, the committee adopted the following new schedule to become effective Sept. 1, 1959:

Bachelor's Degree		Master's Degree	
Men	4200-6150	Men	4500-6450
Women	4000-5950	Women	4300-6250

The schedule includes increments of \$200 for the first six steps, \$150 for the next five and a twelfth increment of \$200 after fifteen years experience.

At the beginning of the school year September 1958 there were 4807 students enrolled in Wakefield public schools — Senior High 961 — Junior High 1122 and Elementary 2724. A careful survey of these enrollment figures points out the drastic housing problem in the Junior High area. The committee feels confident that the townspeople will remedy this situation which curtails standard education at the Junior High School level.

IN MEMORIAM

Mary C. Healy

October 17, 1958

We record with sorrow the passing
 of one who gave devoted service
 to the education of our youth.

To the School Committee:

My report to you this year for inclusion in the Town Report is necessarily brief. This report confines itself to statistical information and comments on activities during the year.

Educational Program Accomplishments and Changes — 1958

September 1958 saw the opening of a 4-room addition to the Dolbeare School and a 4-room addition to the Montrose School. These schools solved the immediate problem of housing needs in the two districts. Both schools were constructed well within the appropriation. Some landscaping to be accomplished this spring will complete these two projects.

Televised education programs have been made available at the elementary level. The programs are received during school hours and included as part of the curriculum. The television receivers are the gift of the various Parent-Teacher Associations.

A curriculum guide in Sciences for use in the elementary schools has been compiled and issued to all teachers. Grade meetings of teachers were held once a month to further the planned objectives of Science and strengthen the program.

The Elementary Course of Study has been completely revised by the Steering Committee and is now ready for publication.

A two-day orientation workshop for all new personnel was held prior to the opening of school in September.

Planned observation and teaching experiences were made available for Wakefield High School students who are planning on entering the teaching profession and are members of the Wakefield Future Teachers' Club.

Achievement Tests were administered to all elementary children. Our medians were consistently above the national average.

A complete orientation program for the sixth grades in preparation for their entrance into junior high school was introduced.

A full time employee to work entirely in the field of guidance at the junior high school level has been employed.

A Science Fair was held in the junior high school which proved to be most successful.

Radio tape recordings have been made available through the courtesy of Northeastern University and they are used as a supplement to the occupational conferences for vocational guidance in the senior high school.

Fifty-three percent or 136 students of the graduating class of 1958 are attending a total of 63 different higher institutions of learning.

"Physical Fitness" week was observed in October at which posture, nutrition, care of the body and physical exercise were emphasized.

Recommendations for the Future:

Further strengthening of our audio-visual aid program.

The introduction of a foreign language at the elementary level.

Major revisions in the mathematics curriculum in the high school.

The employment of additional guidance personnel in the high school.

A Science Fair in the high school.

Major Repairs and Plant Improvements — 1958

Senior High School — Athletic Field

The portable bleachers and the fence on the east side were painted.

Low areas of the field were covered with loam and seeded.

Junior High School

Sanded and refinished 2 classroom floors.

Two hundred fifty new steel lockers replaced old lockers.

A complete installation of a public address and inter-communication system.

Elementary

The interior and exterior of the Warren School were painted.

Four rooms of new furniture replaced old units at the Greenwood School.

All window sash on the first floor of the Lincoln School were replaced.

Stair treads at the Warren and Hurd Schools were refinished with fire proof material.

Windows in four rooms of the Hurd School were weatherstripped.

Masonry repair of the arch over the Pleasant Street Entrance at the Hurd School.

Painting, caulking and waterproofing the parapet wall and cornice stones on the Montrose School.

Four rooms at the Greenwood School had the floors sanded and refinished.

Asphalt tile floors were installed in three rooms at the Franklin School.

Additional hot top areas were completed at the Woodville, Warren and Franklin Schools.

Per Pupil Cost

Cost per pupil for instruction and maintenance exclusive of general control based on average membership for the school year 1957-1958 ending June 30, 1958.

	Wakefield	State Average
High School	361.38	402.18
Junior High School	232.08	331.86
Elementary	221.59	261.66
All Public Schools	258.15	296.22

A study of our per pupil costs in average membership reveals that during the past eight years our expenditures per pupil have been consistently lower than the average amount spent per pupil in the state. Our budget does increase substantially each year, however in comparison with comparable communities it has not been exorbitant.

WAKEFIELD HIGH SCHOOL

Wakefield, Massachusetts

High School Auditorium — Eight O'clock

June the Sixth

COMMENCEMENT TRIBUTE

We hail you, Wakefield High, Memorial Splendid!
With voices strong and true to you we sing.
Our eyes with tears are dimmed at thoughts of leaving,
To us a part of you will always cling.

We'll cherish our class colors, blue and silver,
We'll not forget the milestones we've achieved.
The glory of our triumphs now is shining
As symbols of the teachings we've received.

Our future, now begun, will be ennobled
By fashioning our aims and setting high
Those hopes and dreams—the goal of our ambitions—
Remembering that victory is nigh.

Chorus:

So thanks to you, dear Alma Mater!
Guardian of this lovely day.
We're now prepared to journey onward,
United ever on our way.

REPORT OF THE LIBRARY TRUSTEES

The Trustees of The Lucius Beebe Memorial Library held ten regular meetings and three special meetings in 1958.

In the important question of state aid to libraries it is the consensus of the board to keep the local library town supported and town controlled. In October Mr. Lynch was elected vice-president of The Massachusetts Library Trustees Association.

On the evening of June 19, the North Shore Branch of the Library Trustees' Association met in Wakefield.

Miss D. Marjorie Taylor was present at the 77th Conference of The American Library Association at San Francisco July 13-19. Two members of the staff have also taken accredited courses in Library Science.

At a special Town Meeting on December 1st, at the recommendation of the Library and Personnel Boards, the town voted to raise the professional group of staff members one classification. This change brought their salaries nearer to the recommendations of The American Library Association.

The October and December meetings of the Library Board were held in Montrose and Greenwood respectively, to acquaint the Trustees with the services and the physical conditions of these branches. Three meetings gave special consideration to reports of the finance, book and personnel committees. Town Treasurer, Paul Lazzaro, was present on February 13 to participate in the discussion of Library Trust Funds and their investments.

At the first meeting of the year, January 9, 1958, the Trustees voted to accept the resignation of Hervey J. Skinner, out of respect to his wishes, with reluctance and regret. Mr. Skinner gave almost forty-seven years of service to the people of Wakefield and their library. He was elected first to the Library Board on March 6, 1911 and he became Chairman in 1933. During his term of office the resources of the library increased manifold. The Trustees gave a dinner in honor of Mr. Skinner on the evening of March 18.

On January 21, 1958, a joint meeting of Selectmen and Trustees elected Leslie Wilson to fill the unexpired term of Mr. Skinner.

Change of residence necessitated the resignation of John J. Round, Jr. on November 13, 1958. For thirty years a member of the Round family has served the library and again the Board regretted the loss of a valued member.

In May the Trustees accepted a bequest of \$2000 to the library from the estate of John J. Round, Sr. and placed, "The Tree Identification Book" by George Symonds and Stephen Chiminski in the library in his memory.

An account in the Wakefield Savings Bank entitled "Juvenile Book Fund" was opened with a gift of \$2000 under the will of Mrs. Ethel K. Dutton. Mrs. Dutton was an interested and generous patron of the library and her late husband, Dr. Richard Dutton, was a fifty-year member of the Library Board. The Avon Street neighbors gave \$10 for the purchase of a book in memory of Mrs. Dutton.

Reference Shelves have been enriched by the purchase of new sets of Compton and World Encyclopedias and Encyclopedia Americana. A nucleus of a business reference library has been added and storage space for a file of directories granted to the New England Telephone and Telegraph Company. These directories have become available to library patrons.

The Main and Branch library buildings and their equipment have been repaired and improved. With the cooperation of the Town Finance Committee and the Board of Public Works, the long-standing drainage problem at Montrose was solved during the year.

Plans for National Library Week were begun in January. Moses M. Frankel was appointed to the eastern Massachusetts Committee and the local observance was under his direction. An Open House and Tea on Sunday afternoon, March 16 opened the festivities. Miss Taylor, the entire library staff and the Trustees greeted approximately 500 guests. Members of the Great Books Discussion Group arranged the tea and acted as hosts and hostesses. A showing of water colors by Alexandra Bradshaw, an exhibit by the Wakefield Stamp Club and a competitive display of dolls by the children added interest to the afternoon. During the week books were awarded to winners of an essay contest conducted in the public schools.

National Library week acquainted the citizens of Wakefield with the fine facilities of the local library. 1958 marks the fourth consecutive season in which the Great Books group has functioned.

To measure a year's work of the Lucius Beebe Memorial Library is difficult. The number of registered borrowers, the number of books listed in the catalogue and the annual circulation can be reckoned, but the worth of a library depends upon the impact of its books and services upon the community. Private citizens have given us a library and endowments. Adequate support of the library to meet the needs of the town in a changing world is the responsibility of all the citizens.

REPORT OF THE LIBRARIAN

The most important event during the year was the countrywide celebration of National Library Week, sponsored jointly by the American Library Association and the National Book Council. Public, school and special libraries throughout the nation concentrated on making people aware of their libraries.

In Wakefield a very successful Open House was held, and this event, together with exhibits and newspaper articles, reminded the people of Wakefield that the library is here for their use not only during National Library Week but also every other week of the year.

People have shown their awareness of the library in many ways — 1,275 new borrowers have joined during the year and 857 others have renewed their old cards. 103 residents in surrounding towns have taken advantage of the fact that they can become library users by paying a small fee. 192,654 books have been borrowed, and music lovers have not only borrowed 4,841 records, but are making increasing use of the record player now available in the music room. About forty teachers in the Wakefield Schools use our picture collection for seasonal and topical pictures for their classrooms, while Sunday School teachers, artists, actors and many others borrow pictures from time to time. Miss Stikeman, who is in charge of the collection, is constantly adding new pictures and discarding old ones in an effort to make it more useful. We are grateful to the many friends who have donated pictures of all kinds during the past year.

The materials which go out from the library give only one side of the picture. Our rooms at the main library and the branches are filled with students of all ages, and the fact that our records show 7,258 reference questions answered, apart from those hundreds which are not recorded, give a little indication of the scope of this side of our work. It is impossible to keep a count of the people using the reference rooms, but the forty-eight chairs in the Youth Room are almost always in use both afternoon and evening, and at times, students cannot find a place to sit. The adult reference room is used extensively by college students and older people. During the year we have started a collection of reference material of use to the town's business men. The Wall Street Journal, Moody's Investor Service, the new Massachusetts General Laws, the Prentice Hall Tax Guide and Dun and Bradstreet Directory have been added and together with the Kiplinger Washington Letter, the Directory of New England Manufacturers, Thomas' Register and a number of business periodicals, as well as telephone directories from many cities and towns across the nation, form a business nucleus used not only by our own people but many from neighboring towns.

In this survey of library services we must not forget the children's library which is a busy place when the children are dismissed from school. In addition to the books borrowed and the questions answered at the library, the year has held film programs for grade school children, story hours for pre-school children and a very successful summer reading group for all based on the theme, "Around the World through Books." Main and branch libraries participated in this program which culminated in a film show and party at the main library. The fall story hour proved so over-

whelmingly popular that it was found necessary to limit the attendance by age. The Montrose branch librarian has also held a successful series of pre-school story hours, and although it is not possible to give this same service at the Greenwood branch, one story hour was held during Christmas week.

In addition to these activities, collections of books were sent to all grade school classrooms three times during the year, and the children's librarian and the youth librarian visited all grade schools at the close of the school year to talk about the summer reading program and to invite the graduating classes to transfer their membership card to the youth library. These visits have proved well worth the time involved, in improved relations between school and library. Many kindergartens and some grades have paid visits to the library and during spring and fall all grades at the Montrose School visited their branch library for instruction. At Greenwood, school and library are in the same building and such formal visits are not so necessary. The library was called upon for books and pictures in connection with one of the educational television series now in use in the schools.

There is a very important department in the library of which the public is not fully aware, though without it, the library would be a poor place. This is the catalog room, where during the year 4,300 books were added to the library stock. Borrowers who eagerly seize a new book might be interested to learn how many people are involved from the time the book was a mere review in the newspaper until it reached their hands — the librarian who decides to buy the book, the assistant who orders it and checks its receipt, the cataloguer who prepares the catalog cards, the assistant who types them and files them in the catalogs, the assistant who prepares the book for circulation, and once more the cataloguer who makes a final check of each step. All the people involved do other jobs as well, but the catalog department is a busy one, and like the rest of the library, hampered by lack of space.

With increasing awareness of the library processes may come increasing borrower participation which could eliminate some unnecessary clerical work and release the staff for more important reader assistance. For instance, last year 519 people lost their library cards and had to have new ones made. Each day at least 25 reminders are sent to people who forget to return their books on time, and often these have to be followed by a second, a third or even a telephone call. Each of these jobs takes time which could be used more productively.

Many people who do not use the library as a place to obtain books have become aware of its existence through greatly increased use of the lecture hall by outside organizations. The Camera Club and the Great Books Club hold regular meetings, the Arts and Crafts Society uses the room not only for meetings but also for their annual exhibition, while the Garden Club held a very successful Flower Show last fall. In January the Wakefield Art Association held its annual exhibition of members' paintings, and this was followed by a number of one-man shows, as well as the hanging of their "Picture of the Month," in the main lobby each month. The

Wakefield Stamp Club held its exhibit during National Library Week and attracted many visitors from out of town.

In addition to the use of the lecture hall for large exhibits, there have been many smaller ones in our various showcases. Early in the year Mr. Ray Parker donated a large showcase for use in the Youth Room, thus making possible group displays as well as individual ones. These have included New England Authors, Creative Writing, Early Greek Culture, Coins of the World, Tools of Science, and Fire Prevention. Displays in the main lobby included Easter Eggs, Sandwich Lace Glass, Fans, Airplane Models, Buttons, Madonna Christmas Cards and a special display for National Library Week of pictures of libraries old and new, old maps of Wakefield and books about Wakefield. These displays would have been impossible without the help of friends too numerous to mention and we are grateful for their interest.

Throughout the year flowers add to the beauty of our building, thanks to the Wakefield Garden Club and at Christmas time Staff and Club combined to decorate the building in keeping with the spirit of the season.

During the year some changes have been made in the various sections of the library. In an endeavor to overcome the problem of lack of space new bookcases were placed in the balcony at the main library and a magazine rack added in the youth room, thus releasing two tables for students. A rearrangement of furniture and bookcases at the Greenwood branch has given a more spacious appearance to an overcrowded room. Some old bookcases have been replaced and others remodelled at Montrose, giving more book space here. Both branches need additional study tables, as the trend seems to be to use library books on the premises instead of taking them home. This cuts down on circulation, but makes the books available to more students.

This year a start has been made in fulfilment of a long cherished dream of successive librarians. By turning the fireplace end of the reference room into a periodical corner, the old periodical room at the right of the main door was made available for use as a music room. It was felt that this would be a fitting use for the money donated as a memorial to Miss Helen Carleton who started the collection of phonograph records at the library. Record cases were built, some attractive curtains donated, a record player equipped with earphones was placed in the room and it was ready for use. A suitable dedication is planned for National Library Week this year.

We regret that with a few people awareness of the library takes the wrong form. There has been a certain amount of vandalism during the year — pages cut from magazines, books missing from the shelves, signs mutilated and so on, but on the whole we would agree with our Youth Librarian when she remarks that 99% of those who use her room behave in a manner of which we can all be proud. I believe this is true of 99% of all library users in Wakefield.

Report of the Municipal Light Board

The net profit of the Department was \$170,650.04 as compared to \$160,732.10 in 1957. The sale of gas increased 8.5% and electricity 9.7%.

The balance in the Operating Fund was \$141,065.11 as compared with \$124,800.68 in 1957.

The sum of \$60,000.00 was paid to the Town to be used in computing the tax rate for 1958. The total amount paid to the Town is \$893,229.57.

The Manager's report including financial statements for the year are included in this report.

JOHN MORLEY, Chairman
JAMES B. WISWALL, Secretary
JEAN C. HARTSHORNE

To the Board of Light Commissioners:

Gentlemen:

The following condensed Profit and Loss Statement shows the financial operation of the Department for the year ending December 31, 1958 and the changes from the previous year.

Sales of Gas and Electricity	\$ 1,371,639.26	Increase	\$118,824.52
Cost of Gas and Electricity	745,965.75	Increase	75,281.94
Gross Revenue	625,673.51	Increase	43,542.58
Operating Expense	454,496.47	Increase	33,832.94
Operating Revenue	171,177.04	Increase	9,709.64
Other Revenue	3,432.65	Increase	646.89
Total Gross Revenue	174,609.69	Increase	10,356.53
Other Expense	3,959.65	Increase	438.59
Net Income	170,650.04	Increase	9,917.94
Paid to Town in lieu of Taxes	60,000.00	Decrease	10,000.00
Net	110,650.04	Increase	19,917.94

During the year the Electric Department installed:

26590 feet of primary wire
61401 feet of secondary wire
84 new services
30 poles

and the Gas Department installed:

1888 feet of gas mains
2338 feet of service pipe
30 new services

at the end of the year there were 4,554 gas meters and 7,595 electric meters in use, which is an increase of 12 gas meters and an increase of 138 electric meters.

ELECTRIC DEPARTMENT

PEAK LOAD

Our peak load in December was 10,764 kilowatts, an increase of more than 17% over 1957. This was due in great part to a large increase in our power load, as well as severe cold weather. Including this year, our electric load has increased 53½% during the last five years.

We have begun a study of our facilities, with a view to providing additional capacity in both our 13,800 volt supply lines and in substation transformers.

NEW CONSTRUCTION

Additional aerial cable was installed on Lafayette and Church Streets to complete our new circuit to American Mutual Liability Insurance Co., and the residential area from Lafayette St. to North Ave. We extended our three phase circuit to supply power to the new pumping station at Linden Ave. and also extended our lines on Hopkins St. across Rte. 128 to provide service to the Nike Housing Site.

We installed 12 new transformers, totalling 530 KVA during the year.

STREET LIGHTING

We continued our program of relighting, installing 349 new street lights. The major installations were on Church and Common Streets, Lowell, Vernon, Salem and Water Streets.

MAINTENANCE

We continued our tree trimming program to provide proper clearance around our wires. Approximately ⅓ of our lines are cleared each year in order to reduce interruptions of service from storms.

GAS DEPARTMENT

The gas main was replaced on Sweetser St. between Main and Pleasant Sts. and mechanical clamps were installed on gas mains in various locations, including lower Albion and Chestnut Sts.

We performed a gas leakage survey of schools, churches, public buildings and commercial and industrial establishments. We also engaged a professional company for our annual vegetation survey of all gas lines, as an aid in leak detection.

We are grateful to the members of the Municipal Light Board for their guidance and to the employees of the Department for their loyalty and cooperation.

On August 30, 1958, the Department suffered the loss by death, of a member of the Municipal Light Board, Joseph M. Hartshorne.

Mr. Hartshorne was elected to the Municipal Light Board on March 1, 1953 and in recognition of the service he rendered during the six years he was on the Board the following resolution in his memory was voted on by the other members of the Municipal Light Board.

Joseph M. Hartshorne

September 15, 1958.

- WHEREAS:** God, in His Infinite Wisdom has taken Joseph M. Hartshorne: and
- WHEREAS:** Joseph M. Hartshorne has served faithfully the Municipal Light Department of the Town of Wakefield for six years: and
- WHEREAS:** He has given unstintingly of his time and knowledge to the affairs of the Municipal Light Department;
- BE IT RESOLVED:** That the Wakefield Municipal Light Board record its sincere regret at the passing of a wonderful friend and a loyal supporter; that the sympathy of the Board be extended to the Hartshorne family; that these resolutions be spread on the minutes and a copy forwarded to Mrs. Joseph M. Hartshorne and to the Wakefield Daily Item.

Report of the Town Clerk

TOWN MEETING RECORDS

Annual Town Meeting, March 10, 1958

Meeting called to order at 7:34 P.M. by Moderator Roger H. Wingate, who read the call for the meeting.

On motion by Gardner C. Reed:

Voted: That further reading of the warrant be dispensed with.

Constable's return read by the Town Clerk.

The Moderator called upon Reverend Forrest Musser of the First Congregational Church, who offered the opening prayer. This was an innovation in Wakefield town meetings, for many years at least.

Unanimous consent was granted to Mr. Bonito, of 21 Stark Avenue, to attend the meeting. Acceptance of Stark Avenue as public way is included in the warrant for this meeting.

A statement of the financial condition of the town and explanation of the reasons for the finance committee recommendations was read by Chairman Gardner C. Reed of the Finance Committee.

ARTICLE 1

To act upon the report of the town officers as published.

On motion by Gardner C. Reed, Chairman of the Finance Committee:

Voted: That the report of the town officers as published be accepted.

ARTICLE 2

To choose all town officers not required to be chosen by ballot.

On motion by Finance Committee:

Voted: That the Moderator appoint a committee of five to bring in nominations for those town officers not required to be elected by ballot.

The Moderator named the following persons to serve on said committee: Robert H. Gardner, William E. Jefferson, Albert J. Petrucci, Scott A. Bul-lard, Carl A. Peterson, Jr.

ARTICLE 3

To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 4, Chapter 44, General Laws. — Paul Lazzaro and others.

On motion by Finance Committee:

Voted: To authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor, payable with one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 4, Chapter 44, General Laws.

ARTICLE 4

To determine how much money the town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Public Works, Charities and Veterans' Benefits, Education, Recreation, and Unclassified, Public Service Enterprises, Interest and Maturing Debt, specifying what appropriations shall be taken from the receipts of a department. — Board of Selectmen.

Special Meeting, April 14, 1958

At 8:25 P. M., Moderator Roger Wingate checked with Acting Moderator Patrick H. Tenney in the High School cafeteria and Mr. Tenney said everybody who desired admittance to the cafeteria were accommodated.

The Moderator checked with Frank A. Tredinnick, supervisor of the check list, who stated that all persons who desired entrance to the auditorium had been accommodated.

At 8:28 P. M., Mr. Tenney reported about one hundred persons were standing in the corridor to the cafeteria, where the loud-speaking system was connected with the auditorium where the meeting was being conducted. The moderator announced an adjoining anti-room to the cafeteria would then be opened. Mr. Tenney announced, over the loud speaker, the people could be accommodated, but there was standing room only, as no seats were available. Superintendent of Schools John B. Hendershot then informed the Moderator that chairs in the corridor would be moved into the cafeteria.

At 8:30 P. M., Acting Moderator Tenney reported everything in order and all who wished were accommodated in the cafeteria, and Frank A. Tredinnick reported to the Moderator that all voters who had applied had been accommodated in the auditorium.

Meeting called to order at 8:30 P. M. by Moderator Roger H. Wingate, who read the call for the meeting.

On motion by Gardner C. Reed:

Voted: That further reading of the warrant be dispensed with. The vote in the cafeteria also was recorded that further reading be dispensed with.

Moderator Wingate called upon Rabbi Baer of Temple Emmanuel to administer the blessing.

ARTICLE 1

To see if the town will vote to amend the Town Zoning By-Laws and Zoning Map by changing from a general residence to a business district a tract of land containing approximately $4\frac{3}{4}$ acres by extending the existing business district on the southerly side of Water Street as follows:

Beginning at a point on the easterly side line of a Private Way known as Del Carmine Street at the southerly line of the existing business district on the southerly side of Water Street; thence the line extends southerly along the easterly side line of the Private Way known as Del Carmine Street to the center line of Mill River; thence turning at a right angle and running easterly approximately 300 feet to a point; thence turning at a right angle and running northerly by a line parallel to and 300 feet distant from the first-mentioned line being the easterly side line of said Del Carmine Street to the existing business district on the southerly side of Water Street.—Werner F. von Klock and others.

Kenneth W. Thomson read the report of the Planning Board, which report stated that hearings, duly advertised, were held on April 10, 1958.

On motion by Mr. Thomson:

Voted Unanimously: in the High School auditorium and, also, in the cafeteria:

To amend the Zoning By-Laws and Zoning Map by changing the area described in Article 1 from a single residence to a business zone.

ARTICLE 2

To see if the town will vote to appropriate a sum of money for the construction of a new Junior High School building, including original equipment and furnishings, at the location mentioned in Article 4 of the Special Town Meeting of June 10, 1957, in addition to the sum appropriated under that article, to determine how the same shall be raised, whether by borrowing or otherwise, and to authorize and instruct the Junior High School Building Committee, appointed under said Article 4 of the Special Town Meeting of June 10, 1957, to contract for the construction of the said building and the purchase of said equipment and furnishings, and authorize the committee to engage such professional services as they may deem necessary, or to see what the town will do about it.—School Committee.

Motion by Finance Committee:

That the sum of \$1,088,710. is hereby appropriated for the construction of a new Junior High School building, including original equipment and furnishings, at the location mentioned in Article No. 4 of the Special Town Meeting of June 10, 1957, in addition to the sum appropriated under that article, that, to meet the foregoing appropriation, the town raise and appropriate the sum of \$8,710. and the Treasurer, with the approval of the Selectmen, is authorized to issue \$1,080,000. in bonds or notes of the town under Chapter 645 of the Acts of 1948 as amended, and that the Junior High School Building Committee, appointed under said Article No. 4 of the Special Town Meeting of June 10, 1957, is authorized and instructed to contract for the construction of the said building and the purchase of said equipment and furnishings and to engage such professional services as they may deem necessary.

At 10:47 P. M., the "previous question" was moved by Ralph King, and was voted in the affirmative by the voters in the cafeteria and the voters in the auditorium.

At 11:05 P. M., the vote as counted by the tellers was as follows:

Auditorium:

Yes, 729 — No, 261

Cafeteria:

Yes, 453 — No, 541

Total: Yes, 1182 — No, 802

and the moderator announced that, lacking the necessary two-thirds vote, the motion was not carried.

On motion by Burton F. Whitcomb:

Voted: To authorize the Moderator to appoint a committee of eleven, consisting of two members of the School Committee, the Superintendent of Schools, and eight citizens, to further study the Junior High School building needs of the Town, and other pertinent matters, and report to the Town its findings at a future Town Meeting.

On motion duly made and seconded:

Voted: That this meeting be now dissolved.

Account of State Audit

THE COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation

Bureau of Accounts

State House, Boston 33

June 10, 1958

To the Board of Selectmen

Mr. Burton F. Whitcomb, Chairman

Wakefield, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Wakefield for the period from May 1, 1955 to August 31, 1957, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE,

Director of Accounts

Mr. Herman B. Dine

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

As instructed by you, I have made an audit of the books and accounts of the Town of Wakefield for the period from May 1, 1955, the date of the previous audit, to August 31, 1957, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined and checked with the records of the town treasurer and the town accountant.

The books and accounts of the town accountant were examined and checked. The general and appropriation ledger accounts were analyzed, the receipts, as recorded, were checked with the treasurer's books, and the recorded payments were compared with the treasurer's cash book and with the approved treasury warrants. The appropriations, transfers, and loans authorized, as entered, were checked with the town clerk's records of town meeting votes and with the finance committee's authorizations of transfers from the reserve fund.

A trial balance was taken off, the necessary adjustments resulting from the audit were made, and a balance sheet, a copy of which is appended to this report, was prepared showing the financial condition of the town on August 31, 1957.

It is again recommended that all deposits retained in connection with bids and for plans and specifications be paid into the town treasury, and any refunds necessary be made by the town treasurer on approved warrants.

An examination was made of the paid bills and vouchers on file, and of the contract file maintained by the town accountant.

In this connection attention is directed to Section 4B, Chapter 40, General Laws, which reads in part:

“Unless otherwise provided by by-law or special law in towns, no contract for the purchase of equipment, supplies or materials the actual or estimated cost of which amounts to one thousand dollars or more, except in cases or special emergency involving the health or safety of the people or their property, shall be awarded unless proposals for the same have been invited by advertisement in at least one newspaper published in the town.....”
and to Section 57, Chapter 41, General Laws, which specifies that the town accountant shall have the custody of all contracts.

Accordingly, it is recommended that no bill, to which the provisions of Section 4B, Chapter 40, General Laws, are applicable, be placed on a warrant for payment until the contract, together with a copy of the newspaper advertisement inviting the proposals, has been placed in the custody of the town accountant.

The books and accounts of the town treasurer were examined and checked in detail. The cash book footings were verified, and the receipts, as entered, were analyzed and compared with the town accountant's books, with the records in the several departments collecting money for the town, and with other sources from which money was paid into the town treasury. The recorded payments were checked with the selectmen's warrants authorizing the disbursement of town funds and with the town accountant's books.

The cash balance on August 31, 1957 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

It was noted that in some instances checks drawn by the treasurer are delivered to departments for distribution to the payees. It is recommended that all checks drawn by the treasurer be delivered directly to the payees by the treasurer or his duly appointed assistant, or mailed to the payees when personal delivery is impracticable, since no person other than the treasurer or his duly appointed assistant has the legal authority to make payments in behalf of the town.

The records of payroll deductions on account of Federal taxes, Blue Cross and Blue Shield, the contributory retirement system, and the teachers' retirement system were checked and reconciled with the ledger controlling accounts.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file. The outstanding coupons on August 31, 1957 were listed and reconciled with a statement furnished by the bank of deposit.

The savings bank books and securities representing the investments of the several trust and retirement funds in the custody of the town treasurer, the library trustees and the Wakefield Trust Company as trustee,

were examined and listed. The income was proved, and all transactions and balances were verified and compared with the books of the town treasurer and the town accountant, and, in the case of the retirement funds, with the books of the retirement board.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts added to the tax title account were compared with the tax collector's records, the reported redemptions and sales were checked with the treasurer's cash book, and the abatements and foreclosures were verified. The tax titles and tax possessions on hand were listed, reconciled with the ledger controlling accounts, and checked with the records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The taxes, excise, and assessments outstanding at the time of the previous audit, as well as all subsequent commitments, were audited and checked with the warrants for their collection. The recorded collections were checked with the payments to the treasurer, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and proved with the respective controlling accounts in the town accountant's ledger.

The records of assessments apportioned were audited and the apportioned assessments not due were listed and proved with the town accountant's ledger accounts.

The records of departmental and water accounts receivable were examined and checked. The commitments were verified, the recorded collections were checked with the payments to the treasurer, the abatements, as recorded, were compared with the departmental records of abatements granted, and the outstanding accounts were listed, checked with the available records in the several departments, and reconciled with the respective controlling accounts in the town accountant's ledger.

The books and accounts of the municipal light department were audited. The consumers' accounts were examined, and the outstanding gas, electric, and sundry accounts receivable were listed and proved with the departmental controlling accounts and with the town accountant's ledger. The departmental controlling accounts were analyzed and checked with the town ledger accounts, and the recorded collections were proved with the town treasurer's and the town accountant's books. The departmental ledger was examined, and a trial balance was taken off proving the accounts to be in balance.

The electric light guarantee deposit account was checked with the records on file, and the balance on September 30, 1957 was reconciled with the cash in the banks.

Further verification of the outstanding tax, excise, assessment, departmental, municipal light, and water accounts was made by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The recorded receipts on account of dog and sporting licenses issued, and from marriage intentions, recording fees, and miscellaneous charges were verified and compared with the payments to the town treas-

urer and to the State. The cash book was added, and the cash balance on August 31, 1957 was verified by actual count of the cash in the office.

The surety bonds on file for the several town officials required by law to furnish such surety were examined and found to be in proper form.

The records of departmental cash collections by the board of selectmen, the sealer of weights and measures, and the inspectors of buildings, wires, milk, and plumbing, as well as by the police, fire, health, school, and library departments and by all other departments in which money was collected for the town, were examined and checked. The recorded collections were compared with the payments to the treasurer, and the cash on hand in the several departments, including petty cash advances, was proved by actual count.

The records of guarantee deposits for sewer connections were examined. The recorded deposits, the transfers to the town to cover the cost of work done, and the amounts refunded to depositors were verified and proved with the treasurer's and the town accountant's books. The deposits on hand on August 31, 1957 were listed and reconciled with the cash in the general treasury.

Appended to this report, in addition to the balance sheet, are tables showing reconciliations of the town treasurer's and the town clerk's cash, summaries of the tax, excise, assessment, tax title, tax possession, departmental, municipal light, and water accounts, as well as schedules showing the condition and transactions of the trust and retirement funds.

During the progress of the audit cooperation was extended by all the town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,
Assistant Director of Accounts

Report of Contributory Retirement Board

For the year ending December 31, 1958

There were 57 retired recipients or their beneficiaries receiving payment from the Contributory Retirement System during the year 1958.

Seven pensioners received disability benefits, five beneficiaries received accidental death benefits, three beneficiaries received survivor benefits and forty-two pensioners received regular superannuation retirement benefits. Of these pensioners thirty-four were over 70 years of age. Seven pensioners passed away during the year and one dependency allotment was cancelled as all children had become of age.

The total payments amounted to \$83,114.47, of which, \$73,561.72 was paid from the Pension Accumulation Fund and \$9,462.75 was paid from the Annuity Savings Fund.

Employee contributions to the Annuity Savings Fund amounted to \$59,363.88 during the year.

The following is an analysis of the retired and active employees during the five year period from 1954 through 1958. (Exclusive of School Teachers.)

Forty-fourth Annual Report of the Town Accountant

FOR THE YEAR ENDING DECEMBER 31, 1958

The total cash expenditure processed by the Town Accountant's Office amounted to \$6,580,324.73 of which amount \$340,895.07 was withheld and expended from employees wages for Federal Income Taxes, Blue Cross, Employees Group Life Insurance and Teachers' Retirement, \$357,802.75 was expended on account of Maturing Debt and Interest, \$67,000.00 was repaid on Temporary Loans in Anticipation of State and County Reimbursement, and \$50,000.00 was repaid on Temporary Loans in Anticipation of Bond Issue Proceeds.

The net cost of town services for the year 1958 was \$5,664,229.31 which is offset by Government Grants and departmental refunds.

The total cash receipts amounted to \$6,678,567.02 which indicates the necessity of serious control and consideration of this area of the financial program.

Indebtedness continues as an important consideration in the town's financial condition with the following additions during the year 1958, which are as follows:

Street Construction	\$ 40,000.00
Sewer Construction	60,000.00
	<hr/>
TOTAL	\$100,000.00

The authorization for the incurrence of indebtedness in the amount of \$100,000.00 has been exercised in the borrowing of \$716,000.00 during the year 1958. The remaining balance \$616,000 borrowed during 1958 was authorized in the years 1957 and 1956. The outstanding debt as of December 31, 1958 is \$4,316,000.00.

SCHEDULE OF BONDED INDEBTEDNESS DECEMBER 31, 1958

Sewer	\$ 869,000.00
Streets	138,000.00
Water	768,000.00
Light	60,000.00
School	2,352,000.00
Lafayette Building	50,000.00
Highway Buildings and Police Station	79,000.00
	<hr/>
Total:	\$ 4,316,000.00

The operational and indebtedness cost of town services can be examined by the simple comparison with other immediately surrounding communities.

Community	Population	Valuation	Total	Tax	Per	Per	Per
			Debt	Rate	Cap.	Cap.	Cap.
Wakefield	22,115	55,659,025	4,316,000	42.80	2516	107.68	195
Melrose	29,239	51,094,300	240,000	63.60	1747	111.10	82
Reading	16,440	35,125,798	3,859,000	62.00	2136	132.43	234
Stoneham	15,871	27,638,525	2,703,000	66.00	1741	114.90	170
Natick	26,213	63,703,750	5,086,000	57.00	2430	138.51	194
Needham	21,560	68,306,996	6,140,000	55.00	3168	174.24	284
Dedham	21,450	44,854,200	4,978,000	58.80	2091	122.95	232

This method of comparison brings the tax rate and valuation variables together in the formation of a comparative per capita cost factor.

The records of the Treasurer have been examined and found to be in agreement with the Accountant's balances.

Cash balances have been verified and are distributed as follows:

General Funds on Deposit in:

Wakefield Trust Company	\$ 1,360,013.74
Second Bank-State Street Trust Co.	96,105.68
Treasury Bills	139,057.80
Cash in Transit, Deposited January, 1959	4,723.90
	<hr/>
	\$ 1,599,906.12

Trust Funds have been checked by examination of Securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities and the checking account balance was in agreement with the Accountant's balance.

Funds are invested as follows:

Savings Banks	\$ 86,446.27
